Graduate Institute of Molecular and Comparative Pathobiology of the School of Veterinary Medicine at the National Taiwan University (NTU) has an open faculty position in veterinary pathology, laboratory animal science, or livestock & wildlife disease diagnosis, starting on August 1, 2025. The successful candidate can either be a Ph.D./and Doctor of Veterinary Medicine (D.V.M.) with at least 2 years of these positions-related clinical/specialist training experience, or a Ph.D./with at least 2 years of postdoctoral experience. The candidate must provide a published paper in an SCI-listed journal, with the candidate listed as the first or corresponding author, published after August 1, 2020, as the representative publication. The candidate will be expected to teach veterinary pathology and molecular pathobiology and participate in veterinary pathology, laboratory animal science, or livestock & wildlife disease diagnosis related teaching and services. The position will be at the assistant to full professor level, based on the candidate's qualifications.

To apply, candidates should send a curriculum vita, photocopies of their ID or passport, degree diploma, and three letters of recommendation to huijenn@ntu.edu.tw and ntuvmnewsletter@gmail.com. The application should also include the representative publication, verification of co-authors' contributions (https://www.personnel.ntu.edu.tw/english/News_Content_n_166731_s_206791.html), additional publications from the past 7 years (since August 1, 2018), a publication list, and the title and the outline of courses to be offered. The deadline for application is December 31, 2024. Inquiries should be directed to Miss Chen at huijenn@ntu.edu.tw or by phone at 886-2-33663762 or fax at 886-2-23661475. The position will be subjected to the promotion regulations set by the College of Bioresources and Agriculture at NTU. The NTU School of Veterinary Medicine website can be accessed at <http://www.vm.ntu.edu.tw/>.
